

# INPUT DEVICE PANASONIC FZ-55

**Panasonic FZ-55 - Flexible, robust, safe and ready for long-term use.**

The robust magnesium housing, the dust and splash-proof design (IP5x, IPx3) and the versatile features make the Panasonic FZ-55 the ideal companion for your work in the demanding workshop environment. Nothing stands in the way of outdoor use as well as in harsh temperatures. Equipped with the latest Windows 11 Professional, the notebook meets the highest security standards and ensures long-term use.
